

340B Pharmacy Boot Camp Workshop

Aim: Provide an overview of the 340B Drug Discount Program and help FQHCs understand how to develop and manage a 340B solution.

1. 340B Program Framework

Overview of the origin and purpose of the program, structure and oversight, how it works, and basic models of implementation.

2. In-house/Contracted Pharmacy

- A. Key points when starting new pharmacy
- B. Contracted pharmacy – CVS, Walgreens & other chain relationships
- C. Third-party administrator

3. Compliance Requirements

What's required to implement and maintain a fully compliant 340B program? Covering eligibility (both patient and provider), registration, recertification & contract language.

4. Medicaid & Divergence

Compliance requirements for billing Medicaid and how to avoid duplicate discounts by selecting method of Carve In or Carve Out.

5. Program Integrity

Overview of the HRSA Program Integrity Initiative including a review of the audit process, recent audit findings, and suggestions for how to be prepared for an audit.

6. Closing Discussion

Discuss State-specific Medicaid reimbursement trends, and what the future legislative & regulatory landscape may look like for the program.

We can facilitate customized training for individuals and groups. Want to know more? [Contact us](#) for a copy of the workshop content and to see how we can help you!
